

## A few pictures of CKN activities in 2009

Students and trainers: souvenir picture in front of the Center. Training of technicians and trainers

Sokpheap is working on the program of lamps management. Cooperation with PROSEED and GERES.

Mass production. Those lamps will replace the oil lamp in villages.

Montpellier Rotary Club supports the CKN internships in France. This year, they are sponsoring the "lamps for villages" project.

Contract with Fondem (Fondation des énergies pour le monde, Paris): rural electricity in the region of Kg Thom

With Mr. Eric Genot, CEO of Multic. Each year, ever more generous to encourage us

BRICORAMA and its CEO Mr. JC Bourrellet support us with donations (containers transportation), subsidies, encouragements...

Setting up of a new (2nd) Center in Siemreap-Kantuo. Building site for students and trainers who carry out excavation and construction work.

Toi, CKN trainer, is taking care of the maintenance of the Holiday hotel and of the equipment of this new building in Battambang. All our trainers went through this maintenance work.

Seminar-Technical Exhibition organized by CKN, at the National Institute of Education, with the support of the UNESCO and the cooperation of the Ministry of Education and the Ministry of Labor and Vocational Training

Mr. Teruo Jinnai, Representative of UNESCO, SE Im Sethy, Minister of Education, and SE Von South, Minister of Labor and Vocational Training, Mrs. Sun Lei, expert of UNESCO, visited for a long time the technical exhibition, the first event of its kind in Phnom Penh.

In 2009, Schneider Electric (SE) and CKN signed a convention of partnership for the development of the CKN training: with Francois Milioni (SE Grenoble), Olivier Jacquet, Manager of SE Vietnam, Christophe de Lafarge (Marketing SE HCM City)

CKN Trainer-students, sponsored by Schneider Electric Foundation. First group to reinforce the body of CKN trainers already in place

Cooperation Schneider Electric-CKN: experimental photovoltaic network to power Reay Dorb village, Siemreap-Kantuo

CKN takes part in the conference ESMAP-BM: small and medium enterprises (Cambodia, Phnom Penh)

CKN invited to OIF workshop in Tunis: management of vocational training

CKN: project underlined by FORIM during the Seminar of capitalization of projects OPRA/OSIM in Lyon

The CKN experiment draws interest: On AFRICA No 1 Radio in Paris during the Journée Mondiale des migrants

At the Khmer radio of Lyon, with Mr. Pech Samreth, its program manager

On several TV programs in Phnom Penh (CTN, APSARA,...), channels available in France

CKN produce educational kits, tested by NGO KAPE/World Education in a junior high school near Prey Totung. A female CKN trainer trains the teachers and students to the use of those tools produced locally.

CKN goes to train professors of a training Institute in Battambang to technical practise

Technology transfer: Damien, Chemist Engineer trains our trainers on chemical reactions in a gas producer

Sakada, Engineer from France, trains Sokpheap in programmed electronics (microcontroller)

CKN receives more and more visits from experts from abroad for cooperations
